

# Jaquenetta German Shepherd Dogs

## South West Working & Pastoral Breeds Association Open Show

Hutton Moor Leisure Centre, Hutton Moor Road, Weston-Super-Mare.

Saturday 05<sup>th</sup> May 2012

Dog / Bitch Judge

Mrs Jean Hiscox ( Jaquenetta )

I would like to thank the Officers and the committee for the invitation to judge at their May Open Show. Also I would like to thank all those who entered the show and the exhibitors who attended the show and gave me the opportunity to go over their dogs.

PD (1e,1a).

PGD (3e)

1<sup>st</sup> Minhinett's Belezra Torino ( Ch Clokellys Lagos x Shila vom Murrtaal )  
Top size and strength black and tan 2yrs 11mths well-pigmented male.  
Good type displaying good proportions. Firm ears, shade light eye and slightly domed skull, strong expressive head. Good over and under lines. Slight steepness in the front angulation. Good hind angulation. Croup a shade steep. Stands straight in front and behind. Sound going away, elbows out a little coming towards. Moves with a steady gait keeping his lines on the move but his action could be more groundcovering.

2<sup>nd</sup> Roe's Garavic Legend ( Enzo degli Achei x Garavic Elky ) Over medium size of good strength black and tan 2½ yrs male of very good type and proportions, just a shade deep in chest. Strong expressive head with dark eye. Very good fore and hind angulation. Good wither. Good underline, overline a little unsettled on the walk. Very good croup placement. Toes in slightly coming, a shade close going. Gave a lacklustre performance in the gaiting phase, which was a shame as he was the more correct dog in stance. Shown in very good coat and condition.

3<sup>rd</sup> Hackney's Bilnett's Ace of Clubs ( Ch Bilnetts Van Damme JW x Bilnetts Zantia ) Upper medium size and strength black and gold long coated 5yrs male. Dark eye, small over active ears spoilt his expression as mainly held them folded back even in stance. Stretched proportions. Would desire more length of foreleg. Upperarm short and steep. Long well laid croup. Good hind angulation, short hocks. Correct length of tail. Sound away toes in coming. Pasterns a little slack. Restricted in front but keeps his overline at a gentle trot even though carrying too much weight.

OD (3e,1a).

1<sup>st</sup> Powell's Garavic Liberty ( Enzo Degli Achei x Garavic Elky ). Impressive topline strong well-boned substantial black and tan 2½ yrs male with much masculinity. Very strong without being coarse expressive head, dark eye. Very good type with harmonious balanced proportions. Good clean overline in stance. Very good fore and hind angles. Very good length and placement of croup. Good breadth and substance of thighs. Stands straight in front and behind. Okay coming slightly close going. Unfortunately he was shown out of condition carrying too much weight causing him to roll over the back and loin on the move, nevertheless he displayed an effortless ground covering gait to gain best dog. In the run off for BOB he lost out to the bitch which was of similar correctness but in firm and dry condition.

2<sup>nd</sup> Cross & Minhinett's Romainville Charlie ( Romainville Ziggy at Dericky x Magic of Romainville ). Over medium size and strength black and gold 6yrs male. Medium strong expressive head with firm ears. Good type with good proportions. Upper arm slightly steep but of good length. Good angulation of the hindquarter. Good over and underlines. Slightly short well angled croup. Pasterns a shade steep. Steady side gait keeping his backline on the move.

SYB (2e,1a)

1<sup>st</sup> Yates' Lornstone Lutea ( Ch Clokellys Lagos x Lilit od Petkovica ) Medium size and strength black and tan well-pigmented 1yr 2mths female. Very good type with balanced proportions. Shade light eye but does not detract from good expression. Would like a stronger lower jaw. Good angles front and rear. Good over and under lines. Slightly short well laid croup. Stands shade narrow in front at this age, a little close behind. Steady effortless gait keeping her lines.

PGB (5e,3a).

1<sup>st</sup> Santoro's Lornstone Moonbeam ( Gollygobble Bert of Lornstone x Kalbeshan Quisqa of Lornstone ). Medium size and strength black and tan 2yrs female. Displays very good proportions and type. Compact, well knit, harmonious, firm and dry, quality female. Just sufficient mask does not destroy general harmony of her strong yet feminine head. Expression lively, intelligent and self-assured. Very good clean overline in stance and in movement. Good underline. Good length and lay of well-moulded croup. Good angulation of the fore and hind quarters. Movement characterised by its harmony and freedom in both her walk and effortless trot. Shown in very good coat and condition. The whole package was well presented which gained her BOB over a similarly well-constructed dog in too soft a condition.

2<sup>nd</sup> Lewis' Maewyns Abaca ( Qai vom Estherlager x Morrow Akuna at Maewyns ). Over medium size medium strength paling black and gold 6yrs female. Medium strong head with good alert expression. Firm ears. Good type. Upper arm could be better angled. Short well angled croup. Hind angulation a little pronounced. Stands straight in front. Okay coming close going. Erratic gait.

OB (3e,1a)

1<sup>st</sup> Yates' Gollygobble Chica of Lornstone ( Champ von Dakota x Pinedo Qinqajou ). Over medium size and strength sable 7yrs female. Good type. Shade short coupled. Good fore and hind quarter angulation. Good length and lay of croup. Just sufficient length of foreleg. Strong yet feminine head with dark eye and good expression. Stands straight in front and behind. Good steady gait.

2<sup>nd</sup> Lewis' Maewyns Abaca.
